

**AVAILABLE IN JULY - ORDER YOUR COPY NOW**

The membership database for 2009/2010 is created in Microsoft Access 2000 and offers full contact details - including addresses and e-mail addresses, phone and fax numbers as well as other important business information – of all SAS members.

It contains the details of approximately 800 industry professionals; it is fully searchable and ideal for organising mailshots or simply as a contact reference.

A complete email list is included for you to drop into Outlook to assist with email-shots to fellow members. This list includes all the paid members of the Shop Agents Society.

You will also notice on the Database, in 'Queries', that smaller individual searches by geographical area are available. This could assist with regional mailshots.
